COMMISSION

Case No. 2005-00148

Dear Beth:

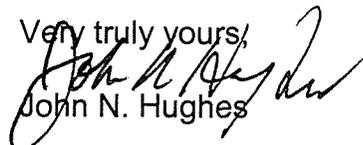

Northern Kentucky Water District requests an informal conference with the Staff for the purpose of getting clarification on several issues. It is hoped that this discussion will eliminate the need for rehearing. The three primary issues involve clarification of responsibility for the customer service line; clarification of the distinction between repair and asset life extension in relation to main line repair; and treatment of fire protection meter fee revenues.

If possible, the District would like for the conference to be scheduled for Monday May 8<sup>th</sup> or Thursday May 11<sup>th</sup>.

A copy of this request has been delivered to the Attorney General's Office of Rate Intervention.

If there are any questions about this, please contact me.

Very truly yours,

John N. Hughes

Attorney for Northern Kentucky  
Water District
